

Quality HealthCare and GHC Medical Centres Not affected by Recent EUROPHARM Drug Contamination

With regards to the recent news on the fungal contamination of PURINOL (Allopurinol) 100 mg tablets manufactured by EUROPHARM Laboratories Co. Ltd., we would like to reassure our clients that all centres under Quality HealthCare and GHC Medical do not stock or use the drug in question.

As a precautionary measure, our centres have also stopped dispensing all EUROPHARM's products with immediate effect until further notice.

For any inquiries, please contact our **Customer Services at 8301 8301**.
