Dear Dr. Chee,

### Re: Operation Santa Claus 2003

On behalf of the Children's Heart Foundation (CHF), I would like to extend our thanks to you and the Quality HealthCare Asia Limited for donating the CHF through the Operation Santa Claus 2003.

We are excited to be informed in May that the CHF would be granted the final total donation of HK\$600,000 of which you and the Quality HealthCare Asia Limited contributed. I am delighted to say that your support enhanced the success of the program and allowed the CHF to support homograph treatment for 10 to 15 children and fund the installation of a new Echocardiograph machine in the Paediatric Cardiology Unit at Grantham Hospital.

We would like to say a big "Thank you" to all involved particularly you, your partners and colleagues for donating and supporting the CHF in the Operation Santa Claus 2003.

The smoothing running of the Foundation depends entirely on our generous donors and supportive groups like you and the Operation Santa Claus. Without such support we would not be able to achieve anything.

Enclosed are our Newsletters recording the programs for your information.

Once again- many thanks for donating the CHF to help children suffering from congenital heart disease.

Yours sincerely,

(D. W. Pescod)  
Chairman
