

Comprehensive Maternity Package for Expecting Mothers

(A) Maternity Package

Package includes the following:

1. All antenatal visits from the date of the initial scheme payment
2. Ultrasound scans performed in the office
3. Urinalysis at every antenatal visit
4. Antenatal routine blood tests at first visit (CBP, ABO+Rh(D), Rubella IgG, HBsAg, VDRL, HIV I&II)
5. Delivery including normal or instrumental delivery or Caesarean Section
6. Postnatal care by an Obstetrician
7. Hospital visits at delivery

(B) Alternative: Pay as you go

Pay as you go

Prenatal and postnatal per visit
(Including Ultrasound scans performed in the office)

Normal delivery or instrumental delivery

Caesarean Section (LSCS)

In-Hospital Doctor's Visit Fees

Remark:

- Although every possible effort will be made to have the doctor of your choice to be present at your delivery, this cannot be guaranteed.
- The above packages are only limited to designated doctors.
